

CSNBOWADP 7500

PROFESSIONAL LARGE-SCALE HEAVY DUTY SHREDDING SYSTEM

CSNBOWADP 7500 is the perfect heavy duty shredder where large amount of not only smooth and cumpled paper but also small media supports have to be shredded on schedule. Thanks to its first shredding stage the flow of large volumes of data is assured to be uninterrupted, cutting down overheating and jam risks. In the second shredding stage precise cutting tools guarantee high throughput in compliance with DIN 32757-1 and DIN 66399 security levels, reducing shaft wear and power consumption.

Rugged conveyor belt, centralized control panel as well as fully automatic operations require minimal personnel to manage big amounts of confidential information that can be processed quickly and efficiently in a silent working environment. With its hourly productivity of 1300 kg the CSNBOWADP 7500 is able to provide one of the best performances of its category. Besides, robust cutting technology combined with electric motor with thermal overload protection and optimal power transmission guarantees a stable shredding process and long working life.

Through the SPS control with user friendly display the machine can be easily used by the operator in a safe way, according to the CE dispositions. Its reliability has been proven through 10 years of usage by Government bureau, Police and military department.

USED BY

- ▶ Large corporates
- ▶ Banks, telecom and insurance
- ▶ Government bureau
- ▶ Police and military department
- ▶ Printing and security bureau
- ▶ Municipality

IDEAL FOR

- ▶ Large amount of documents, up to 650 sheets
- ▶ CDs, USBs, floppy disks, ID cards, credit cards
- ▶ Folders

OPTIONS

- ▶ Baler
- ▶ Dust extractor

Technical specifications CSNBOWADP 7500

SHREDDING MATERIAL

Shreddable material

SHREDDING SIZE AND SECURITY LEVEL

Shredding size 10.8x42-74 mm

First shredding stage 25x160-200 mm

Second shredding stage 10.8x42-74 mm

Security level (DIN 66399) **P-1** **O-2** **T-2** **E-2**

Security level (DIN 32757-1) 1

PERFORMANCE

Shredding capacity (70g/m²) 650 sheets (A4/A3)

Shredding capacity (80g/m²) 500 sheets (A4/A3)

Throughput per hour 1300 kg

Cutting speed 350 mm/s

Insertion width 525 mm

HARDWARE

Power / voltage / frequency 22.5 kW / 3x400 V / 50 Hz

Machine size W1530xD6900xH3900 mm

Machine weight 1600 Kg

Noise level 60-75 dB

Packaging size
4 parcels:
2200x1700x1600 mm
2400x1700x1700 mm
1100x800x2300 mm
7000x1400x1800 mm

Warranty 24 months

Options
• baler
• dust extractor

An in line or angle completely automatic baler can be added to optimize the destruction material piling and management.

CSNBOWADP 201

In line/angle baler CSNBOWADP 201

PERFORMANCE

Pressing power 200 kN

Pressing cycle 8.1 s

Maximum bale size W500xD400/1000xH450 mm

Bale weight 60-140 kg

Output per hour 8-12 bales

HARDWARE

Power / voltage / frequency 9.2 kW / 3x400 V / 50 Hz

Machine size L3800xW2270xH1770 mm

Machine weight 1200 Kg

Specification may be changed without notice
