Still Waiting for Printer Ready?

SMART-81HD
System Ready

smart 81

New Trusted Identity Begins

SMART-81 is a new generation retransfer card printer that offers the fastest issuance speed in the industry. IDP's innovative retransfer heating technology- **Rapid Retransfer Printing technology or "RRP"** provides the fastest "Ready to Print" metric in the industry. No more waiting several minutes for your out-dated retransfer printer to heat up.

RRP technology from IDP offers power-on and Ready to Print in only seconds. The SMART-81 produces higher-quality, sharper-looking images than traditional card printers. It is the perfect choice for demanding applications which require deep dark colors with infinity-edge (full-bleed) graphics on blank or technology cards.

The input card hopper holds up to 200 cards and physical security features allow you to easily secure your printer, its supplies, and ejected cards in instant bank-card issuance or high-security applications.

Innovative Retransfer Head Heating Control
- Heat up & Print ready in only seconds

Glossy, Superior high resolution

Intelligent Anti-dust circulation

**Complies with International Banking Instant Issuance Security Standards**
- Physical & Electronic Locking system
- Secured bolt-down fixture

The FASTEST Boot-up speed

200 **High Volume Capacity**

Infinity Edge Printing Quality

Stress-free Anti-dust circulation

Advanced Security Compliant

Robust & Innovative Product design

PRINT NOW. PRINT MORE.
Still waiting for printer boot-up?

No more waiting, save your precious time - SMART-81 gives you the fastest issuance speed and allows you to experience simultaneously power-on and print in only seconds unlike the traditional retransfer card printers which take several minutes.

Innovative retransfer head heating control technology creates more sharp-looking images and text quality every time.

Perfect printing on embedded chip cards - SMART-81 can print graphical card design right to the edges even on smart cards with uneven surfaces.
It's the ideal choice for customers that demand more functionality and high security such as government, bank, education, and healthcare.

FORGET ABOUT DUST & THEFT.
Extend your card printer life

Intelligent anti-dust circulation - Designed with fine dust filter and disposable cleaning roller to help flawless printing quality by removing dust and other particles.

An Intelligent air circulation structure effectively controls the temperature in the printer during continuous card issuance.

Advance security compliant -SMART-81 prevents theft and counterfeiting of sensitive financial resources.
It is equipped with a physical and electronic locking integration system that complies with the *International Banking Instant Issuance Security Standards*.
Additionally, a secured bolt-down fixture supports high-level security ID card demands.
